

YORK WHITE

A relaxing, warm and traditional color. The creamier hue of York White cabinets are a great transitional colour choice for those who want to create a lighter, comfortable space without going too bright.

York white goes great with light or dark countertops, back splashes, hardware and appliances.

Natural Wood Interiors

QUALITY + DURABILITY

- HDF - High density fiberboard doors
- MDF center panel
- Solid birch wood face frames and drawers.
- Dovetail drawer and cabinet assembly.
- AA grade plywood cabinet boxes.
